# AUTHOR INDEX

## Volume 1, 1985

Addiscott, T.M., Workshop on mechanisms of ion transport in soils, Swiss Federal Institute of Technology, Zurich, **138**.
Anderson, A.R., see Pyatt, D.G.
Atkinson, D., Herbert, R.F. & Gurung, R.P., The effect of pre-planting soil preparation and soil management on soil physical parameters in an apple orchard, **131**.
Bache, B.W., Soil acidification and aluminium mobility, **10**.
Birnie, R.V., An assessment of the bracken problem in relation to hill farming in Scotland, **57**.
Cape, J.N., see Fowler, D.
Catt, J.A., Natural soil acidity, **8**.
Chalmers, A.G., Review of information on lime loss and changes in soil pH gained from ADAS experiments, **17**.
Christian, D.G., Crees, R. & Dowdell, R.J., Yield and uptake of fertilizer nitrogen by direct-drilled winter barley growing on a chalk soil, **74**.
Church, B.M., Recent trends in lime use and soil pH in England and Wales, **20**.
Colbourn, P., Nitrogen losses from the field: denitrification and leaching in intensive winter cereal production in relation to tillage method of clay soil, **117**.
Cooper, J.E., see Wood, M.
Creasey, J., see Edwards, A.C.
Crees, R., see Christian, D.G.
Cresser, M.S., see Edwards, A.C.
Dampney, P.M.R., A trial to determine the lime requirement for reseeded grassland on a peaty soil,**95**.
Dowdell, R.J., see Christian, D.G.
Eadie, John, The hills and uplands of Britain: interactions in land use, **38**.
Edwards, A.C., Creasey, J. & Cresser, M.S., Factors influencing nitrogen inputs and outputs in two Scottish upland catchments, **83**.
Edwards, A.C., Creasey, J., Skiba, U., Peirson-Smith, T. & Cresser, M.S., Long-term rates of acidification of UK upland acidic soils, **61**.
Evans, C., The effect of applying cobalt sulphate to soil on the cobalt content of herbage, **50**.
Fitzpatrick, E.A., Mackie, L.A. & Mullins, C.E., The use of plaster of Paris in the study of soil structure, **70**.
Fowler, D., Cape, J.M. & Leith, I.D., Acid inputs from the atmosphere in the United Kingdom, **3**.
Gasser, J.K.R., Processes causing loss of calcium from agricultural soils, **14**.
Goulding, K.W.T. & Poulton, P.R., Acid deposition at Rothamsted, Saxmundham and Woburn, 1969–83, **6**.
Gurung, R.P., see Atkinson, D.
Hakånsson, Inge, Swedish experiments on subsoil compaction by vehicles with high axle load, **113**.
Hall, D.M., see Scolefield, D.
Herbert, R.F., see Atkinson, D.
Hornung, M., Acidification of soils by trees and forests, **24**.
Leith, I.D., see Fowler, D.
Lloyd, Anthony, Urea for topdressing winter cereals: an interim report, **82**.
Loveland, P.J., see Thompson, T.R.E.
Mackie, L.A., see Fitzpatrick, E.A.
Miller, Hugh G., The possible role of forests in streamwater acidification, **28**.
Millington, A.C., Soil management under urban-fringe farming systems in Freetown, Sierra Leone, **110**.
Morgan, R.P.C., Assessment of soil erosion risk in England and Wales, **127**.
Mullins, C.E., see Fitzpatrick, E.A.
Newbould, P., Improvement of native grassland in the uplands, **43**.
Peirson-Smith, T., see Edwards, A.C.
Pidgeon, J.D. & Thorogood, P.J., Management of difficult soils for intensive winter cereals in central England: a farm case study, **124**.
Poulton, P.R., see Goulding, K.W.T.
Pyatt, D.G., Anderson, A.R., Stannard, J.P. & White, I.M.S., A drainage experiment on a peaty gley soil at Kershope Forest, Cumbria, **89**.
Rehfuess, K.E., On the causes of decline of Norway spruce (*Picea abies* Karst.) in Central Europe, **30**.
Rowell, D.L. & Wild, A., Causes of soil acidification: a summary, **32**.
Saliba, B. Colby, Comparative measures of effectiveness in farm-level soil conservation, **106**.
Sasanow, S., Acid rain: a review of current controversy, **34**.
Sasanow, S., The nitrate issue – a review, **102**.
Scolefield, D. & Hall, D.M., A method to measure the susceptibility of pasture soils to poaching by cattle, **134**.
Skiba, U., see Edwards, A.C.
Stannard, J.P., see Pyatt, D.G.
Taylor, J.A., Bracken encroachment rates in Britain, **53**.
Thorogood, P.J., see Pidgeon, J.D.
Thompson, T.R.E. & Loveland, P.J., The acidity of Welsh soils, **21**.
Vaughan, J., Effects of source and amount of fertilizer nitrogen and nitrification inhibitors on the yield and nitrate concentration of glasshouse lettuce, **80**.
White, I.M.S., see Pyatt, D.G.
Wild, A., see Rowell, D.L.
Wood, A.W., Soil degradation and management under intensive sugarcane cultivation in North Queensland, **120**.
Wood, M. & Cooper, J.E., Soil acidity factors and growth of white clover (*Trifolium repens* L.) in acid hill soils, **66**.
